LG FUTURE'S
Public sector specialists, delivering bespoke financial consultancy and training for local authorities and central government.

ABOUT LG FUTURE'S

LG Future's was established in 2008 and specialises in delivering bespoke financial and management consultancy and training for the public sector. Currently, around 70% of our work takes place with local authorities and 30% with central government clients, together as follows:

- Helping financial management capability
- Strengthening strategic and financial planning
- Supporting the financial of government bodies
- Maximising funding flows
- Optimising value for money
- Helping to shape long-term financial strategies

A large percentage of our clients are only able to commission our services for the duration of their financial year. This being the case, we have worked with over 100 individual public sector organisations.

Having delivered a number of successful projects, our consultancy helps understand and share to others. We continue to be recognised with numerous private sector consultancy awards and client testimonials.
